2020 FUNDING REVIEW

• The Government are currently waiting for the results of a review into funding for higher education
• This review is due to be released in Spring 2019
• We do not yet know whether this will mean changes are made to fees or living cost support
• If they are it is likely they will affect students who start from September 2020 onwards
• Students who start in 2019 will continue on the current system throughout their studies
TUITION FEES

• Maximum tuition fees will be £9,250 for full-time courses
• Fees may rise each year in line with inflation
• Placement year fees are lower, up to a maximum of £1,850 (£925 at Portsmouth)
TUITION FEE LOANS

- Tuition fees do not have to be paid upfront. Eligible Home (UK) and EU students can apply for a loan to cover these costs
- Tuition fee loans are paid directly to your university
- Eligibility for the loan depends on your residency status in the UK and any previous study that you may have done (in the UK or elsewhere)
- Loans are repaid after graduation, depending on your income
MAINTENANCE LOANS

• Maintenance loans (for living costs) are available to eligible full-time students from England
• Maintenance loans are paid to you in three instalments
• The amount of loan available to you depends on:
  • Where you live while you study
  • Your household income
• The repayment terms are exactly the same as the tuition fee loan
